

Johnsonite

Millwork Wall Base® System

**MADE
RIGHT
MEANS
JOHNSONITE**

A perfect finish

With clean lines and rich architectural detail, the Millwork Wall Base® System adds timeless design elements to any space. The complete collection includes more than 20 profiles that finish walls with the appearance of finely milled wood, while saving time and precious forestry. Because they will never require touch-up or repainting, these solutions continue to deliver return on investment throughout their lifetime.

As part of the Johnsonite portfolio, the Millwork Wall Base System is offered in the industry's broadest selection of colors, all made without dye lots. If you don't find the color you need within the standard line, our color experts can tailor any Millwork product to your exact specifications. From flawless color to simple installation and maintenance, MADE EASY MEANS MADE RIGHT—and MADE RIGHT MEANS JOHNSONITE.

 Tarkett

Masquerade® finishing borders

In addition to the solid colors offered in the Millwork Wall Base System, Johnsonite's Masquerade® finishing borders are digitally printed with natural wood, stone, and abstract designs that elevate these architectural details once again. Masquerade's high-definition visuals achieve a broader range of color, longer pattern repeats, and crisp, realistic detail—all on a highly durable material that conforms to the curves and angles of nearly any wall. Johnsonite's state-of-the-art printing technology can also replicate a pattern or image that's unique to your project—for a fully tailored finishing border and guest experience.

MADE RIGHT MEANS JOHNSONITE

ColorMatch® palette

We'll perfectly match 32 leading colors across Johnsonite's rubber and vinyl product categories without dye lots

Healthy materials

Non-PVC and free of ortho-phthalates, PFAS and antimicrobials

Design flexibility

Industry's broadest selection of colors, patterns, textures and profiles

Made in USA

Designed and manufactured in USA;
Buy American Act Compliant

Tailored by Tarkett

Precisely match any color with quick lead times and low minimum order quantities

ColorMatch®

Perfectly matched flooring and accessories, made easy. This designer palette of leading colors is coordinated across multiple product categories with no dye lots...ever! Our rigorous manufacturing and quality standards enable you to confidently mix and match a color across all Johnsonite rubber and vinyl products, including flooring, finishing borders, and finishing accessories. We guarantee these colors will match year after year, product after product.

* Color Foundations palette key:
WB (Warm Beige), CB (Cool Beige), WG (Warm Grey),
CG (Cool Grey), B (Black), W (White)

Every step matters

These three values help us stay the course when it comes to sustainability.

Transparency you can trust

We subject our products to relentless scientific scrutiny and third-party testing, then provide customers with radical transparency about our materials, operations, and corporate business practices.

Circular economy

We're committed to creating a circular economy where nothing goes to waste by designing products with their end of life in mind. This means always interrogating the health, safety, environmental, and social impacts of our materials.

Healthy impacts

We've made material choices across our entire portfolio that support better indoor air quality and better outcomes for every living thing. Responsible flooring design not only improves aesthetics; it directly impacts the health of the people who occupy interior spaces.

The **proof** is in the numbers.

94%

of our raw materials are third-party assessed for their impact on human and environmental health based on Cradle to Cradle criteria.

69%

of raw materials are abundant, rapidly renewable or recycled.

13

zero-waste-to-landfill manufacturing plants.

1.5 million lbs

of flooring recycled in 2023 in North America.

2011

started working with EPEA to integrate Cradle to Cradle principles into every facet of our business.

2013

first commercial flooring CERTIFIED **asthma & allergy friendly**®.

2022

Powerbond® RS is the first soft surface product in the industry to be CERTIFIED **asthma & allergy friendly**®.

100_{ppm}

raw materials content revealed down to 100 parts per million.

When most manufacturers reveal raw materials content down to just 1,000 ppm, there's simply no contest.

We've been providing Material Health Statements since 2013 to give you peace of mind about the content of our products.

99%

of flooring solutions have low VOC emission levels—10x lower than the most stringent world standards.

100%

ortho-phthalate-free vinyl production; first company to eliminate ortho-phthalates from all products

2010

first flooring manufacturer to join the UN Global Compact.

2016

Began reporting to the Carbon Disclosure Project (CDP). In 2023, Tarkett scored A-, the CDP management level.

2020

first assessment by EcoVadis. In 2023, Tarkett's score of 74/100 earned us a Gold medal and placed us in the top 2% of rated companies.

2023

SBTi deemed our target ambition in line with a 1.5°C trajectory, currently the most ambitious designation available through the SBTi process.
