

Performa

HETEROGENEOUS VINYL SHEET

No compromises

At Tarkett, we recognize that flooring solutions must sustain the everchanging needs of flexible spaces, which is why we take a Right Product. Right Space. approach to everything we create. Available in 6- or 12-foot rolls for added speed and flexibility during installation, Performa delivers all the style and strength you need at a price your project can afford.

Each Performa design features the look of natural wood or stone—combining beauty, strength, and value in one comprehensive solution. The entire collection is CERTIFIED **asthma & allergy friendly**® by Allergy Standards Ltd to support better indoor air quality for everyone in the space. With contemporary visuals, a durable polyurethane coating, and 25-mil wear layer, these stylish designs help you create safe, inviting spaces on time and on budget.

Wall Base Coordinates Key

* We've identified Color Foundations neutrals in the following way:
WB (Warm Beige), **CB** (Cool Beige), **WG** (Warm Grey), **CG** (Cool Grey), **B** (Black), **W** (White).

* Suggested colors for finishing borders (wall base).
Coordinated Johnsonite® Accessories are a printed approximation. Please refer to the Color Guide for accurate color representation.

Tarkett Solution SPECTrum™

At Tarkett, we believe in placing people in the center of every space. So we've developed a portfolio of products designed to work together both functionally and aesthetically, helping you create more supportive spaces that maximize return on investment. Our full palette of colors, patterns, and textures is coordinated to work together visually across product categories—creating the perfect balance for people, planet and performance.

The BrillianceSM Digital Color System puts the entire TARKETT SOLUTION SPECTrum portfolio at your fingertips—no matter where you happen to be working. Within one digital tool, you can save favorite surfaces to project boards, visualize them in a space, and order samples. By getting the right color match every time, the tool reduces sample waste and shipping, helping us all design more responsibly and reduce our carbon footprint.

Speak to your Tarkett sales representative to get started, or visit brilliance.tarkett.com.

Every step matters

Tarkett's holistic approach to sustainability is woven into the fabric of how we do business and sits at the heart of our day-to-day decision making.

For decades, we've been scrutinizing every detail of our business for its impact on resources like soil, water, air, and climate—because when you're trailblazing a more sustainable future, **every step matters**.

These three values help us stay the course when it comes to sustainability.

Transparency you can trust

We subject our products to relentless scientific scrutiny and third-party testing, then provide customers with radical transparency about our materials, operations, and corporate business practices.

Circular economy

We're committed to creating a circular economy where nothing goes to waste by designing products with their end of life in mind. This means always interrogating the health, safety, environmental, and social impacts of our materials.

Healthy impacts

We've made material choices across our entire portfolio that support better indoor air quality and better outcomes for every living thing. Responsible flooring design not only improves aesthetics; it directly impacts the health of the people who occupy interior spaces.

The **proof** is in the numbers.

Holistic approach

94%

of our raw materials are third-party assessed for their impact on human and environmental health based on Cradle to Cradle criteria.

69%

of raw materials are abundant, rapidly renewable or recycled.

13

zero-waste-to-landfill manufacturing plants

1.5 million lbs

of flooring recycled in 2023 in North America

Certifications you can trust

2011

started working with EPEA to integrate Cradle to Cradle principles into every facet of our business

2013

first commercial flooring CERTIFIED **asthma & allergy friendly**

2022

Powerbond® RS is the first soft surface product in the industry to be CERTIFIED **asthma & allergy friendly**.

Transparency you can trust

100 ppm

raw materials content revealed down to 100 parts per million

When most manufacturers reveal raw materials content down to just 1,000 ppm, there's simply no contest.

We've been providing Material Health Statements since 2013 to give you peace of mind about the content of our products.

Setting the standard

99%

of flooring solutions have low VOC emission levels—10x lower than the most stringent world standards.

100%

ortho-phthalate-free vinyl production; first company to eliminate ortho-phthalates from all products

Global excellence

2010

first flooring manufacturer to join the UN Global Compact

2016

Began reporting to the Carbon Disclosure Project (CDP). In 2023, Tarkett scored A-, the CDP management level.

2020

first assessment by EcoVadis. In 2023, Tarkett's score of 74/100 earned us a Gold medal and placed us in the top 2% of rated companies.

2023

Climate target approved by SBTi (Science Based Targets initiative). Targeting 30% GHG emissions reduction and increase of 30% recycled content across all products by 2030.

At Tarkett, social and environmental responsibility aren't add-ons. They're woven, stamped, and sealed into everything we do. **But more importantly, we don't just say this, we prove it.**

Transparency documentation

At Tarkett, transparency, social responsibility and environmental stewardship aren't add-ons—they're part of everything we do. By partnering with ecomedes and mindful MATERIALS, we make it easy for you to explore our sustainable flooring product options, their product certifications, green building systems and federal standards support documents. Visit Tarkett.ecomedes.com to learn more.

Technical Data	Performa	Performa
Type of Floor Covering	ASTM F1303	Heterogeneous Vinyl Sheet, Type 1, Grade 1, Class B
Classification	ASTM F1303	Exceeds Requirements
Wear Layer Thickness	ASTM F410	.025" (0.6mm)
Polyurethane Reinforced		Yes
Total Thickness	ASTM F386	.080" (2mm)
Weight/yd ²		5.47 lb.
Residual Indentation	ASTM F1914	Passes
Flexibility	ASTM F137	Passes
Static Load Resistance	ASTM F970	250 psi, < 0.005
Slip Resistance	ASTM D2047	≥ 0.5 SCOF
Flame Resistance	ASTM E648	Class 1 (>0.45W/cm ²)
Flame Test- Canada	CAN/ULC S 102.2	FSR 225 / SDC 275
Chemical Resistance	ASTM F925	Passes
Resistance to Heat	ASTM F1514	ΔE ≤ 8
Resistance to Light	ASTM F1515	ΔE ≤ 8
Colors		15 Wood, 3 Stone
Roll Length		75'
Roll Width		Available in 6' and 12' widths
Warranty		10 years
