Chambray

HETEROGENEOUS VINYL SHEET

 **Tarkett®**

Durability refined

Chambray fabric has been cherished for centuries for its durability, lightweight comfort, and timeless elegance. Inspired by this iconic French textile, Accent Chambray brings a sense of familiar warmth to any space, with a broad color palette reminiscent of the European countryside. Now featuring a 32-mil wear layer and advanced Techtonic® XD protection, each surface delivers exceptional resistance to stains, scratches, gouges, and scuffs. And just as chambray is prized for its breathability, this collection is Certified **Asthma & Allergy Friendly**® to support better indoor air quality.

ON COVER:
Accent Chambray 502 Cambric, 515 Proper, 516 Oxford, 517 Tides In, 519 Covington
Accent Woods 042 Grey OAK TREE

LEFT:

Accent Stones 019 Chalk CONCRETE

We've taken an extra step to protect your floors against stains.

Specifically formulated for Tarkett's vinyl sheet collections, Techtonic XD features excimer defense technology to provide superior stain resistance, scratch protection, without requiring floor finish. By adding an excimer curing to our manufacturing process, we've made sure this ruggedly strong coating extends the life of your floor and maximizes your return on investment.

Immaculate stain defense

Based on third-party testing to ASTM F925, Techtonic XD provides superior stain resistance to all the most challenging chemical and medical staining agents and performs better than a leading competitor against 65% of them.

Better scratch and scuff protection

When it comes to scratches, scuffs, gouges, and tears, Techtonic XD performs at the top of its class, so floors look better and last longer.

Easy to clean

Techtonic XD provides a durable matte finish that remains easy to clean.

No floor finish required

Floors do not require a traditional floor finish, saving time and money.

Tarkett’s holistic approach to sustainability is woven into the fabric of how we do business and sits at the heart of our day-to-day decision making.

For decades, we’ve been scrutinizing every detail of our business for its impact on resources like soil, water, and air—because when you’re trailblazing a more sustainable future, **every step matters.**

These three values help us stay the course

Transparency you can trust

We subject our products to relentless scientific scrutiny and third-party testing, then provide customers with radical transparency about our materials, operations, and corporate business practices.

Circular economy

We’re committed to creating a circular economy where nothing goes to waste by designing products with their end of life in mind. This means always interrogating the health, safety, environmental, and social impacts of our materials.

Healthy impacts

We’ve made material choices across our entire portfolio that support better indoor air quality and better outcomes for every living thing. Responsible flooring design not only improves aesthetics; it directly impacts the health of the people who occupy interior spaces.

The **proof** is in the numbers.

Holistic approach

Certifications you can trust

Transparency you can trust

Setting the standard

Global excellence

94%

of our raw materials are third-party assessed for their impact on human and environmental health based on Cradle to Cradle criteria.

2011

started working with EPEA to integrate Cradle to Cradle principles into every facet of our business

100_{ppm}

raw materials content revealed down to 100 parts per million

99%

of flooring solutions have low VOC emission levels—10x lower than the most stringent world standards.

2010

first flooring manufacturer to join the UN Global Compact

69%

of raw materials are abundant, rapidly renewable or recycled.

2013

first commercial flooring Certified **Asthma & Allergy Friendly®**

100%

ortho-phthalate-free vinyl production; first company to eliminate ortho-phthalates from all products

2016

Began reporting to the Carbon Disclosure Project (CDP). In 2025, Tarkett scored A, the CDP management level.

13

zero-waste-to-landfill manufacturing plants

2022

Powerbond® RS is the first soft surface product in the industry to be Certified **Asthma & Allergy Friendly®**.

2.1_{million lb.}

of flooring recycled in 2024 in North America

2020

first assessment by EcoVadis. In 2024, Tarkett’s score of 81/100 earned us a Platinum medal and placed us in the top 1% of rated companies.

2023

Climate target approved by SBTi (Science Based Targets initiative). Targeting 30% GHG emissions reduction and increase of 30% recycled content across all products by 2030.

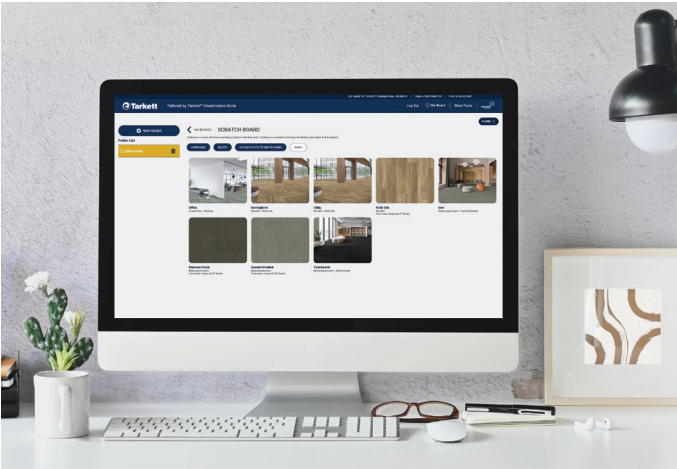

At Tarkett, social and environmental responsibility aren’t add-ons. They’re woven, stamped, and sealed into everything we do. But more importantly, we don’t just say this, **we prove it.**

Tailored by Tarkett™

To help you explore and specify flooring, Tarkett offers design tools and services that make it easier than ever to find inspiration, research product ideas, and try out personalized flooring concepts to help you create profoundly unique spaces. You can even co-create with one of our expert designers to help you fulfill your vision.

Learn more and find your inspiration here.

Design tools

Choose from an array of sophisticated design tools to help you tailor and preview each flooring layout. The **Tailored by Tarkett Visualizer Suite** is a user-friendly online platform to help you explore layouts and colorways. With the Visualizer suite, you can:

- Create **project boards** to effortlessly save swatches, collect room scenes, upload photos, and keep all your visuals organized in one convenient place;
- Complete your ideas with our **Masquerade® Wall Base Visualizer**, which enables you to preview an unlimited selection of high-definition digitally printed wall finishing borders that meet your exact needs.

Of course, your ideas aren't limited to just one type of flooring. That's why our online tools include visualizers for carpet tile, tufted broadloom, Powerbond® hybrid carpet, luxury vinyl tile, non-PVC plank and tile, and rubber tile.

Design services

Great flooring supports people, inspires creativity, and connects us to our environment. So does great service. That's why we offer a suite of end-to-end design services to help you. Want to add a logo to your floor or a custom corporate message? No problem. Or maybe you're looking for support in the form of professional renderings to help sell your flooring concept. No matter your need, Tarkett experts are here to help you solve your biggest flooring challenges and deliver personalized solutions.

- Let our **Designer on Demand** team create renderings for you. Simply submit your project online and our designers will create beautiful renderings you can proudly share with your clients.
- Our **Imaginations® Personalized Floor Design** program can help you implement more intricate and detailed designs—such as logos and messaging—adding shape, color, and texture into your floor design with tailored cutting and fabrication.

Key attributes summary

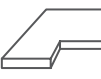

Durable performance

Techtonic XD and 32-mil wear layer provide superior resistance to stains, scuffs, scratches, gouges, and tears

Broad portfolio

A full palette of colors designed to serve a variety of commercial spaces and coordinate with other Acczent collections

Improved hygiene

Thermo-fused welding creates a monolithic surface

Static load limit

Static load limit of 2000 PSI (Modified ASTM Testing**)

Ease of maintenance

No floor finish required*, reducing maintenance costs and optimizing return on investment

Warranty protection

Backed by a top-of-class 15-year warranty

Immediate occupancy

Tarkett RollSmart™ adhesive is approved for use under hospital beds, shortens installation times, and allows immediate welding and traffic

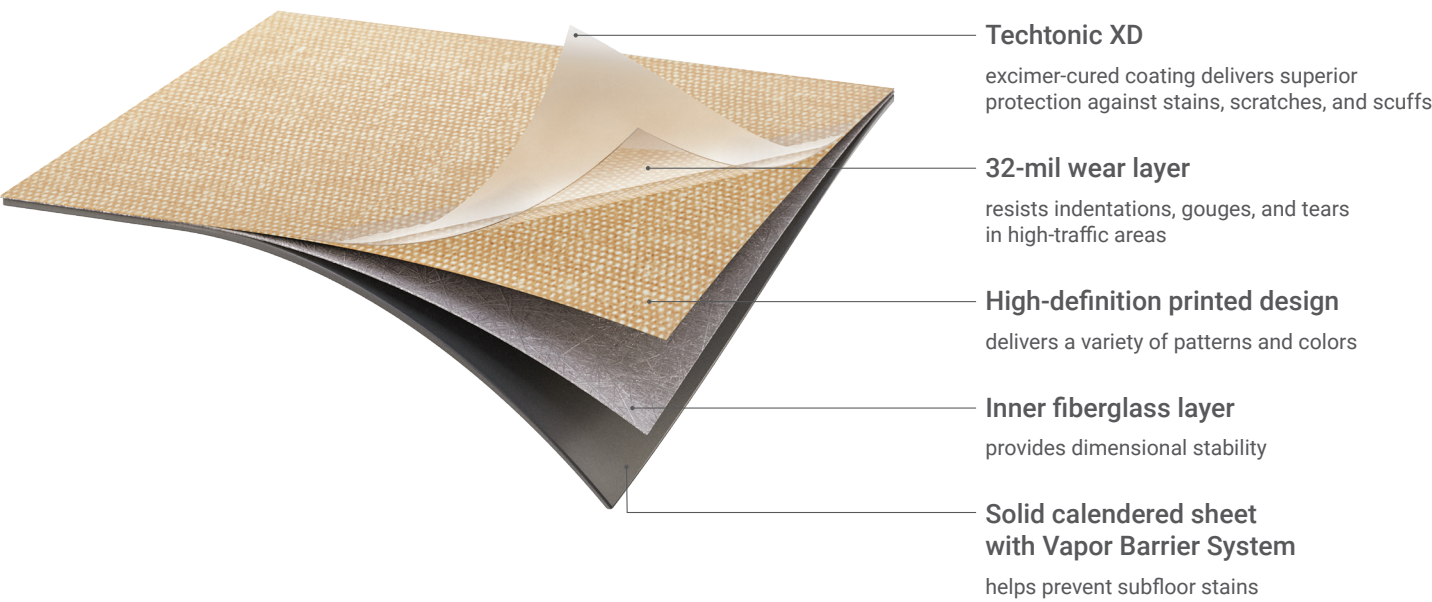

Indoor air quality

Certified **Asthma & Allergy Friendly**®

* With the proper combination of cleaning products, pads, accessories, equipment, and frequency (based on the type of soil and volume), the floor can be easily maintained without the use of floor finish.

Heterogeneous sheet construction

Specifications

HETEROGENEOUS VINYL SHEET

Style name	Acczent Chambray
Warranty	15 years
Colors available	22
Thickness	0.08" (2 mm)
Wear layer thickness	0.032" (0.8 mm)***
Formats	Roll
Roll size	Approx 76' (23 m) L x 6'6" (2 m) W
Roll weight	5.7 lb./ sq. yd (3.1 kg/m²)
Installation type	Glue down

*** Wear layer thickness tested to ISO SPEC 24340

Testing

Technical Data	Standards	Acczent	
Classification	ASTM F1303	Heterogeneous vinyl sheet	
Polyurethane Reinforced		Techtonic XD	
Static Load Resistance	ASTM F970	250 psi, ≤ 0.005" Modified 2000 psi: ≤ 0.005" **	
Residual Indentation	ASTM F1914	Passes	
Slip Resistance	ASTM D2047	≥ 0.5 SCOF	
Flammability	ASTM E648	Class 1 (≥ 0.45 W/cm²)	
Smoke Density	ASTM E662	Passes (<450)	
Canadian Fire Testing	CAN/ULC S102.2	FSR 145 / SDC 235	
Chemical Resistance	ASTM F925	Passes	
Resistance to Light	ASTM F 1515	ΔΣ ≤ 8	
Resistance to Heat	ASTM F 1514	ΔΣ ≤ 8	
Flexibility	ASTM F137	Passes	

** Static loads greater than 250 psi fall outside of the scope of the ASTM F970 test method. Modified static load testing does not provide information related to the long-term exposure and the residual indentation of an installed floorcovering system which includes the subfloor, adhesive, underlayment, and cementitious patching/leveling compounds. Residual indentation(s) may remain visible in any resilient flooring installation, however, overhead lighting, natural lighting and the application of a gloss floor finish may increase the appearance.

Sustainability attributes
