Date Wed 1/15/2025 11:01 AM

To Woody Belflower <wbelflower@maxxon.com>

You don't often get email from ron.baker@gerflorusa.com. [Learn why this is important](#)

Hey Woody,

I've been good, thanks and hope you have as well. Unfortunately, we will not be attending Surfaces this year.

See the snippet below from our installation handbook for installing over gypsum-based substrates.

We already approve installing over Gypsum substrates (including Maxxon) products as long as they meet these criteria. (Let me know if you agree with our verbiage below on Gypsum substrates)

[*installation - usa handbook standards subfloors recommendations.pdf](#)

If you ever need a job specific letter of approval for our products over Maxxon products, just let me know, I'm happy to write it.

Take care and enjoy Vegas 😊

Best Regards,

Ron Baker
