Re: Maxxon Isolate, Underlayment products, 4151 Adhesive and Interface Products

To whom it may concern,

Maxxon Isolate, Underlayment products, Skim Fill Patch and 4151 Adhesive are compatible with Interface carpet tile and LVT products when installed per the manufacturer's guidelines. Maxxon is solely responsible for the performance and warranty of their products. Interface is not responsible for any failure of or caused by the failure of any Maxxon product.

Regards,

Ralph Gooden
