

A low-angle, upward-looking photograph of a dense forest canopy. Sunlight filters through the vibrant green leaves, creating a starburst effect at the top center. Dark tree trunks and branches frame the edges of the image. A semi-transparent white rectangular box is centered in the middle of the frame, containing the text.

Suburban Solids Breezeway

The beauty of hardwood flooring lies in the natural variation of the material. Since each tree is unique, no two installations of a product will be exactly the same. Photography serves as a general representation only, and the exact color and graining may vary with each installation.
