Subfloor Prep

ARDEX SD-F 10# GRAY FEATHER FINISH SELF DRYING CEMENT UNDERLAYMENT 12479

Description: A superior Portland cement-based skim-coat

- Exceptional bond strength
- Provides a smooth and permanent finish
- Easy mix and application

MAPEI PLANI/PATCH 25# BAG UNDERLAYMENT PATCH

Description: Ultra fast-drying, self-curing, polymer-modified, cement-based patching compound

- Rapidly develops high compressive strength
- Use for smoothing, patching and filling cracks, holes, voids and depressions in concrete and approved wood underlayments prior to the installation of floor coverings
- Floor coverings can be installed just 1 hour after application

Mix with Planipatch Plus to use as an embossing leveler or patch over properly prepared vinyl sheet goods, vinyl composition tile (VCT), cement terrazzo and residual cutback adhesive surfaces

ARDEX V-1200 50# BAG GRAY SELF LEVELING FLOOR UNDERLAYMENT 12515

Description: Portland cement-based

- Smooth new or existing concrete
- Walk on in 3 hours
- Highly resistant to shrinkage cracking
- Install up to 1 1/4", can be tapered
- **REQUIRES ARDEX P51 PRIMER FOR INSTALL**

MAPEI NOVOPLAN 2 PLUS 50# BAG PROFESSIONAL SELF LEVELING

Professional, Self-Leveling Underlayment

Novoplan 2 Plus is a high-strength, self-leveling, cement-based underlayment and repair mix for interior concrete and engineer-approved floors.

- **For leveling, smoothing and repairing of interior floors**
- **Ready for tile in 24 hours**
- **REQUIRES PRIMER X FOR INSTALL**

ARDEX TOOL KIT w/ T1 12514

Description: Professional mix tool kit

- Includes a 30 gallon mixing drum, mixing paddle, spreader, smoother, and 5 accurate measuring buckets
- Great kit for quality mixes and finishes

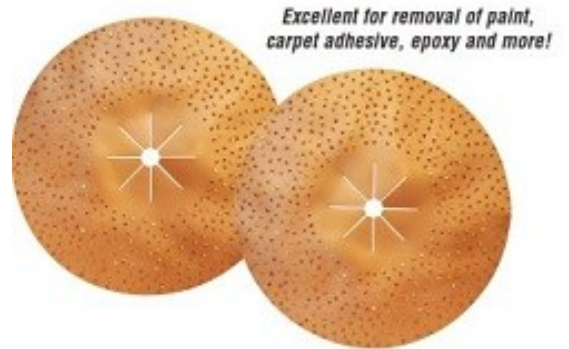

Subfloor Prep

PEARL CCD016P 16" DOUBLE-SIDED TUNGSTEN CARBIDE SANDING DISC 8 GRIT

Description: Designed to remove paint, epoxy, thin-set, mastic, carpet padding and much more from concrete surfaces. Engineered with Tungsten Carbide Chips which can be cleaned and used many times

- Pearl's tungsten carbide sanding disc is ideal for use on Pearl's Sanding Disc attachment and with any 17" floor buffer

TAYLOR DB.CNC.15.100 DIAMABRUSH 15" CONCRETE TOOL FOR 17" MACHINE 100 GRIT

TAYLOR 471 15" EZ SCRAPE DISK FOR 17" MACHINE

TAYLOR 470.15.00 SCRAPE AWAY STEEL BLADE SET 6pk

PEARL HEX1BFRHDI TURBO MAX 17" 1.5HP SANDER/SCARIFIER FLOOR MACHINE SEALED INDUCTION

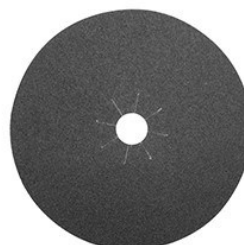

PEARL BUFSP16 16" SANDING PLATE ATTACHMENT

Description: Heavy duty aluminum plate

- 3/8" thick felt pad
- Durable metal center casting
- For use on 17"-18" floor buffer machines

POWERHOLD 426020 16x2" 12 GRIT SANDING DISC [1016-12]

POWERHOLD 426020 16x2" 20 GRIT SANDING DISC [1016-20]

Underlayment

ANCHOR QUIET GUARD 100sft LAMINATE UNDERLAYMENT WITH MOISTURE BARRIER

SKU: 32846

Description: Floating floor underlayment

- Helps protect flooring from accidental leakage from faulty icemakers, leaky plumbing, spills, etc.
- Protects from moisture by drawing it in and slowly releasing it while keeping it away from the bottom surface of the floor
- Designed to draw sound in and deaden it, not deflect it
- Filaments are randomly air laid creating a capillary affect to cushion the floor, absorb sound and help make floating floors sound more like fastened wood

POWERHOLD REVERB 1.5mm 200sft ACOUSTICAL UNDERLAYMENT

SKU: 96603

Description: Material Composition: Rubber w/ Recycled Tire Crumb

- 36" x 66.66" roll
- Residential & Commercial applications
- Antimicrobial Protection
- Approved for use under LVT/LVP, laminate, engineered wood, hardwood

ANCHOR WOOD GUARD ASPHALT 500sft LAMINATED UNDERLAYMENT 36"x167'

SKU: 74487

Description: Semi-permeable moisture vapor retarder for use under tile and hardwood floors

- Rated for "moderate" water vapor resistance
- Consists of 30 lbs per ream of high melt point asphalt laminated between 2 sheets of 30 kraft paper

ROBERTS 70-025 UNISON 48"x25' 3/32" 2-IN-1 UNDERLAYMENT 100sft

SKU: 100246

Description: Top film protects from harmful moisture barrier

- Adhesive strip and 4" overlap film help join pieces and lock out moisture
- Ideal for use with laminate and engineered wood flooring
- Made of 3/32" thick polyethylene foam

Underlayment

TRAXX TRAXXSHIELD POLY FILM 6mil 12'x100' CLEAR PLASTIC PSP-PC12100-6

SKU: 103611

Description: 6mil 12'x200' Clear Plastic
Also can provide Light Surface protection for indoor surfaces

Tape: ANCHOR 110 2"x110yd RL CLEAR SEALING TAPE
(36 per case, SKU: Anchor 110)

MP MOISTURE BLOCK 42"x50' 6mil 175sft VAPOR BARRIER FLOORING UNDERLAYMENT

SKU: 102099

Description:
Low-density polyethylene film that can be used during the installation process where additional moisture protection is needed

- Keeps moisture out
- For use with laminate and engineered wood
- Includes an adhesive strip for overlap

ANCHOR 4x8 6mm ECO-CERTIFIED PLANTATION GROWN UNDERLAYMENT

SKU: 46798

Description: Graded to have a smooth face and back

- 80 sheets per pallet
- Core is sound with no holes
- Glue line is moisture resistant

ANCHOR 4x4 6mm ECO-CERTIFIED PLANTATION GROWN UNDERLAYMENT

SKU: 46796

Description: Graded to have a smooth face and back

- 80 sheets per pallet
- Core is sound with no holes

ANCHOR 4x8 5.2mm CERTIFIED UNDERLAYMENT

SKU: 45526

Description: Sanded, solid surface for less prep

- 95 sheets per pallet
- Exterior Phenolic glue
- 5.2 mm construction for support

Floor Protection

TRAXX TRAXXSHIELD-ST 40"x45' RL 150sft SURFACE PROTECTION w/ PROTECTIVE FILM PSP-ST40045 SKU: 107254

Description: Stay-in-place reusable surface protection topped off with a protective film barrier to prevent liquid spills from penetrating through

- SAFE FOR ALL SURFACES: Hardwood, Vinyl, Tile, Stone, Carpet, Concrete, Incl. Kitchen Islands, Countertops and Fixtures
- Protects against Foot Traffic, Floor Wear & Tear, Scrapes and Gouges, Paint Spills, Tool Drops, Construction Debris
- Recyclable

ANCHOR 38100 COVER BOARD 38"x100' HEAVY DUTY FLOOR PROTECTION 317sft

SKU: 69822

Description: Heavy duty floor protector

- A great alternative to masonite surface protection
- Easy to install- lays flat
- Liquid shield technology protects all types of surfaces from heavy foot traffic, mud, water, dust and more
- Rolls measure 38" x 100'
- Tough enough withstand heavy machinery

POWERHOLD PHP-2035 35"x100' RL LT SURFACE PROTECTION SKU: 102805

Description: Safe for all surfaces; Wood, Concrete, Stone, Ceramic Tile, Linoleum, VCT, Epoxy

- 2.5x thicker than builder paper
- Liquid resistant
- Breathable
- Recyclable

KP-4850 ROLL (approx 2760 sft) 48" KRAFT PAPER SKU: 1795

Description: Biodegradable and recyclable

POWERHOLD FT2180PH 2"x60yd FLATBACK TAPE HIGH TACK MULTI PURPOSE

SKU: 95929

Description: Kraft paper tape

- Designed with a thermoplastic rubber adhesive backing.
- Strong, flexible and comfortable
- Flatback tape resists curling, abrasion and water
- Ideal for packaging, splicing and tabbing applications

Tapes & Supplies

NASHUA 2280 WIDE 72mmx55m MULTI-PURPOSE SILVER DUCT TAPE

Description: Natural rubber adhesive

- Polyethylene coated cloth backing/carrier
- High-tack adhesive bonds well to a wide variety of smooth and rough sur-

ANCHOR 4091 3/4"x60yd ORANGE ECONOMY STRAPPING TAPE

Description: Strong polypropylene backing

- Rubber resin adhesive
- Good initial tack
- High shear resistance

POWERHOLD MT2180PH 2"x60yd MASKING TAPE GENERAL PURPOSE

Description: Medium tack adhesion provides a strong bond with most materials

- Ideal for masking areas during painting
- Liquid resistant
- Non-toxic and odor free
- Test before use

ANCHOR 110 2"x110yd RL CLEAR SEALING TAPE

Description: PVC-film backing, Rubber resin adhesive

POWERHOLD SS BT2180PH 2"x60yd BLUE MULTI PURPOSE MASKING TAPE

ANCHOR WRAP-16 16"x1500' STRETCH WRAP

Description: polymer plastic film. When heat is applied it shrinks tightly over whatever it is covering

ANCHOR SWEEP BX 50# SWEEPING COMPOUND WAX BASE

Description: Used to suppress dust while sweeping
Designed for use on concrete surfaces, and unfinished wood and metal floors (brooms/handles sold separately)

Introducing

Make-it-Match™

Why coordinate when you can Make-it-Match!

Eliminate the major headaches related to the trims for rigid core vinyl plank projects.

The ANCHOR Make-it-Match system is the perfect solution for everyone including the flooring dealer, the flooring installation professional, the property owner, and even the flooring manufacturer. It improves the finished appearance of any project by customizing non-matching flooring profiles such as t-moldings, end caps, or reducers into an EXACT match to the flooring.

MatchWrap™ 90mm Adhesive Tape

A special double sided adhesive tape with a thin fabric carrier and white release paper used for surface customization of flooring profiles. This tape is quick, clean, odorless, non flammable, and VOC free.

*Available roll sizes:
5" x 130', 3.5" x 130'

Double-Head Pressure Roller

Used to conform the heated decorative wear layer to the shape of the flooring profile. various profiles.

Plank Skinner™

A tool designed to aid flooring professionals with the removal of the vinyl wear layer of a rigid LVP product. It makes this process efficient with little physical effort without disfiguring the wear layer.

*Drill not included

Smoother

This simple plastic tool helps the flooring professional to smoothly conform MatchWrap™ adhesive tape and heated decorative wear layers to various profiles.

Benefits

- ✓ Professionally wrap the trims of your choosing such as commercial profiles of rubber, PVC, and metal.
- ✓ Avoid cash flow killers such as waiting for corresponding trims.
- ✓ Avoid frustrations by ensuring an exact match over a corresponding match.
- ✓ Satisfaction guarantee because word-of-mouth is a double-edged sword.
- ✓ Flexible and diverse possibilities ready to be customized.
- ✓ Avoid seeking third-party suppliers.
- ✓ Save time and money.

Watch Make-it-Match systems in action!

Seam Tapes

ANCHOR™ BRAND PRODUCTS

- Up to 25% more fiberglass reinforcement
- 10 loops per inch on all ANCHOR™ Plus seam tapes (most manufacturers use 5½ to 6)
- Thinner filament fiberglass – provides more flex, lower profile and less chance of seam telegraph
- Uses cotton warp yarns (some manufacturers use polyester because it's cheaper)
- Siliconized Kraft Paper – adhesive will not bleed through to pad
- Faster melting exclusive premium hot melt adhesive (ANCHOR™ Plus tapes perform best when melted on iron setting #3 or less)
- Newest State of the Art Manufacturing technologies
- ANCHOR™ Plus 10, 20, 30-LP, 40, and 50 are amber adhesive tapes and the ANCHOR™ Gold Line Plus is a white adhesive tape
- Low Melt / Low Smoke / Low Odor
- Made in the USA – Using Domestic and Imported Materials

BENEFITS OF ANCHOR™ SEAM TAPES

- Power stretch meet or exceed CR-104, CR-105 industry standards
- More than enough strength to handle today's carpet backings
- Stronger – more fiberglass per inch
- Lower profile – reduces the chance of seam telegraphing
- Safer — Low Smoke, Low Odor
- Costs less

Rev. July 2005

SEAM TAPES

- Up to 25% more fiberglass reinforcement.
- Thinner filament fiberglass – provides more flex, lower profile and less chance of seam telegraph.
- Non-shrink cotton warp yarns.
- Siliconized Kraft Paper – adhesive will not bleed through to pad.
- Faster melting exclusive premium hot melt adhesive. POWERHOLD PLUS tapes perform best when melted on iron setting #3 or less.
- Newest State of the Art Manufacturing technologies.
- All POWERHOLD PLUS seam tapes are available in **amber** or **white** adhesive.
- Low Melt / Low Smoke / Low Odor
- Made in the USA – Using Domestic and Imported Materials

WHAT TO USE WHEN:

PH 110 – 3" adhesive carpet seam tape. Light Residential Traffic Installations. Use on Actionbac® and Jute.

PH 150 – 3" adhesive carpet seam tape. Light-to-Medium Residential Traffic Installations. Use on Actionbac® and Jute.

PH 250 – 3" adhesive carpet seam tape. Light / Medium / Heavy Residential Traffic Installations. Use on SoftBac®, Actionbac®, Latex and Jute.

PH 330 – 4" adhesive carpet seam tape. Heavy Residential / Light Commercial Traffic. Use on SoftBac®, Actionbac®, Axminster, Latex, Wilton, Woven and Jute.

PH 350 – 4" adhesive carpet seam tape. Heavy Residential / Commercial Traffic. Use on SoftBac®, Actionbac®, Axminster, Latex, Wilton, Woven and Jute.

PH 390 – 4" UNIVERSAL adhesive Carpet Seam Tape. Heavy Residential & Commercial Traffic Use on Mohawk's UPS™, Shaw's LifeGuard®, UniBond Flex™ and All Carpet Backings.

PH 6 – 6" UNIVERSAL adhesive carpet seam tape. Heavy Residential & Commercial Traffic. Use on SoftBac®, Actionbac®, Axminster, Latex, Wilton, Woven and Jute.

BENEFITS OF POWERHOLD™ SEAM TAPES

- Power stretch meet or exceed CR-104, CR-105 standards
- More than enough strength to handle today's carpet backings
- Stronger — more fiberglass per inch
- Lower profile — reduces the chance of seam telegraphing

Adhesive Solutions

LOCTITE PL-400 28oz CTG LOW VOC HD SUBFLOOR FLOOR & DECK ADHESIVE

Loctite PL 400 Subfloor Adhesive is a professional-grade formulation designed for heavy-duty subfloor construction projects that involve wet, dry, or frozen lumber. Our subfloor adhesive creates a superior bond between a variety of materials, so it's suitable for wood-to-wood assemblies, dry-wall, plaster, masonry and metal work, concrete, and more. Loctite PL 400 Subfloor Adhesive is versatile enough for indoor and outdoor use, since it is cold-weather gunnable from 1.4°F to 120°F and won't roll up on frozen lumber. This subfloor adhesive even meets strict federal and state VOC regulations because of its low VOC content. Use our adhesive for bridging minor gaps in framing and the on-site bonding of subfloor and plywood decking to joists.

Powerhold 100 Carpet Pad Cement

SKU: PH100

Fast-tracking, synthetic rubber adhesive. Formulated to bond carpet padding to floors facilitating the installation of carpet.

Product Size:

1 Gallon (3.785L)

Recommended Substrates:

Concrete

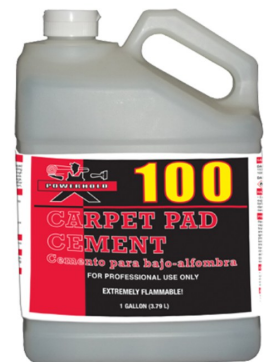

APA Approved Plywood

Terrazzo

Fiber Cement Underlayment

Portland Based Patching Underlayments

Radiant Heated Sub-floors

Powerhold 500 Contact Cement

SKU: PH500

Contact adhesive developed especially for bonding decorative plastic laminate to particle board in the manufacturing of counter tops. PH 500 can be used for non-structural bonding of wood, metal, rubber, leather and many other porous and non-porous surfaces.

- Industrial-Grade Formula
- High Solids/Fast Drying
- Superior Bond Strength

Product Size:

1 Quart (0.95L)

1 Gallon (3.785L)

5 Gallons (18.927L)

PH POWERTITE PLUS HOT MELT GLUE STICKS

SKU: PH POWERTITE UXB-8012

This hot melt adhesive is one of the most unique products in the PAM product line and performs similar to a permanent pressure sensitive hot melt adhesive. It bonds to a variety of metals, plastics, EPDM rubber, foils, and other unique substrates. It is clear in color that has a medium open and set time. The hot melt comes in ½" glue sticks.

Product Size: : ½" X 10" sticks in 1 lb bags

Adhesive Solutions

ANCHOR FUSION 8850 8oz CARPET EDGE SEALER WHITE ADHESIVE **SKU 8850**

Description: Latex based, non-flammable, carpet edge sealer & seam sealer
 • Specially formulated to prevent edge raveling and to seal the seams of most residential, commercial and outdoor carpets in direct glue down, stretch in, and double glue down installations

- Compatible with most carpet backings ActionBac, Jute, Latex Unitary, Wovens, Rubber Backed, Urethane (Attached Cushion)
- Fast setting and moisture proof
- Freeze/thaw stable to 10°F
- Not for use with vinyl sheet goods

Powerhold 020 Commercial Carpet Seam Adhesive

SKU: PH020

Fast drying adhesive for strong, permanent bonds. Recommended for use in seaming all types of carpet in direct glue down installations, excluding PVC vinyl backs

- Strong Bond
- Prevents seam-edge ravel
- Quick Drying
- Low VOC's/meets Prop 65

Product Size: 1 Quart (0.95L)

Recommended Floor Types: Broadloom Carpet

ALL FLOORING IS NOT CREATED EQUAL... OR LEVEL!

Installing carpet next to other decorative flooring often causes uneven transitions due to the differing heights of carpet, tile, wood and stone. **An abrupt transition suggests an inferior or incomplete installation and creates a tripping hazard.** POWERHOLD Ramp Kits eliminate abrupt transitions between carpet and/or other decorative flooring surfaces.

POWERHOLD Ramp Kits are easy to install. It only takes a few minutes to create a perfectly smooth transition of any height and length.

All POWERHOLD Flooring Ramps are available in sizes that are ADA (Americans with Disabilities Act) compliant.

POWERHOLD Ramp Kits are available in two wood-based materials:

Birch Plywood Ramps

Our top-of-the-line, Birch plywood is the most durable ramp material available and can be used under all types of decorative flooring. **Because of its extra strength and durability, it's perfect for commercial and heavy-duty residential installations.**

Composite Board Ramps

Composite board is economical and is perfect for ramping carpet in most residential installations. Composite board constructed flooring ramps are Green-manufactured with 100% pre-consumer recycled waste and use moisture resistant bonding resins that are formaldehyde-free.

- Eliminate Tripping Hazards
- Eliminate Abrupt Transitions
- Ensure Perfectly Aligned Decorative Flooring
- Improve Flooring Appearance
- Effortless & Cost Effective Installation

With a POWERHOLD Ramp Kit, you're ready to install tack-strip for carpet or install other floorcoverings!

ADA Compliant Product

AVOID TRIPPING HAZARDS AND GET A SMOOTH TRANSITION!

— wherever you have adjoining tile, carpet or abrupt floor level changes. PLEASE TURN SHEET OVER FOR PRODUCT SPECIFICS.

Wood Adhesive

ULTRABOND ECO 977

Fast-Set Urethane Adhesive for Hardwood Flooring

Ultrabond ECO 977 is a fast-setting, 100%-solids, one-component, moisture-cured urethane adhesive specifically designed for the installation of domestic solid and engineered wood flooring. *Ultrabond ECO 977* can also be used in elevated subfloor moisture conditions of up to 12 lbs. (5.44 kg) MVER and 95% relative humidity when a specific installation method and trowel notch configurations are used.

POWERHOLD 7800

5G PAIL URETHANE WOOD FLOORING ADHESIVE

DESCRIPTION

Powerhold 7800 is a solvent free, one component, moisture curing polyurethane adhesive that resists hollow spots and has powerful bond strength. Powerhold 7800 is ideal for glue down installation of engineered, solid or acrylic impregnated wood flooring and all subfloors common to wood flooring installation.

FEATURES

- Meets all SCAQM district requirements
- Low VOC (<100 grams per liter), low odor, one component
- Use to install solid hardwood planks, laminate, and parquet flooring
- For use up to 75% RH
